[Docket No. 190814-0013]

RIN 0694-AH86

Addition of Certain Entities to the Entity List and Revision of Entries on the Entity List

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: Huawei Technologies Co., Ltd. (Huawei) and sixty-eight of its non-U.S. affiliates were added to the Entity List effective May 16, 2019. Their addition to the Entity List imposed a licensing requirement under the Export Administration Regulations (EAR) regarding the export, reexport, or transfer (in-country) of any item subject to the EAR to any of these sixty-nine listed Huawei entities. The Bureau of Industry and Security (BIS) is now adding forty-six additional non-U.S. affiliates of Huawei to the Entity List because they also pose a significant risk of involvement in activities contrary to the national security or foreign policy interests of the United States. Nineteen of these forty-six affiliated entities are being added to the existing entry for Huawei; the other twenty-seven entities are being added under new, separate entries. This rule also modifies the existing entries for Huawei and three Huawei affiliates in China by moving the three affiliates under the entry for Huawei instead of continuing to list them under separate entries, and by adding one alias and four addresses to the Huawei entry, including the addresses for those three affiliates. The entries for five other existing entries for Huawei affiliates in China, Belgium, and Brazil are also being modified by this rule.

DATES: This rule is effective August 19, 2019.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (Supplement No. 4 to part 744 of the Export Administration Regulations (EAR)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States. The EAR (15 CFR parts 730-774) impose additional license requirements on, and limit the availability of all or most license exceptions for, exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the "License review policy" column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** notice adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions

Additions to the Entity List

Under § 744.11(b) (Criteria for revising the Entity List) of the EAR, an entity for which there is reasonable cause to believe, based on specific and articulable facts, that the entity has been involved, is involved, or poses a significant risk of being or becoming involved in activities that are contrary to the national security or foreign policy interests of the United States, and those acting on behalf of such entities, may be added to the Entity List. Paragraphs (b)(1) through (b)(5) of § 744.11 provide an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

As stated in the rule published on May 21, 2019 (84 FR 22961), and effective May 16, 2019, that added

Huawei, the ERC determined that there is reasonable cause to believe that Huawei has been involved in activities determined to be contrary to the national security or foreign policy interests of the United States. In addition, as stated in the May 21 rule, the ERC determined that there was reasonable cause to believe that the affiliates pose a significant risk of becoming involved in activities contrary to the national security or foreign policy interests of the United States due to their relationship with Huawei. To illustrate, as set forth in the Superseding Indictment filed in the Eastern District of New York (see the rule published on May 21, 2019), Huawei participated along with certain affiliates, including one or more non-U.S. affiliates, in alleged criminal violations of U.S. law. The Superseding Indictment also alleges that Huawei and affiliates acting on Huawei's behalf engaged in a series of deceptive and obstructive acts designed to evade U.S. law and to avoid detection by U.S. law enforcement. See rule published on May 21, 2019 for additional information on this determination and the resulting additions to the Entity List.

This rule implements the decision of the ERC to add forty-six additional entities to the Entity List, with twenty-seven of the forty-six added under new, separate entries, and the other nineteen added under the existing entry for Huawei. The additions and modifications impact affiliates of Huawei in twenty-five different destinations: Argentina, Australia, Bahrain, Belarus, Belgium, Brazil, People's Republic of China (China), Costa Rica, Cuba, Denmark, France, India, Indonesia, Italy, Kazakhstan, Mexico, New Zealand, Panama, Portugal, Romania, Russia, South Africa, Sweden, Thailand, and the United Kingdom.

Pursuant to § 744.11(b), the ERC determined to add these forty-six non-U.S. affiliates of Huawei to the Entity List because they present a significant risk of acting on Huawei's behalf to engage in activities determined to be contrary to the national security or foreign policy interests of the United States. Without the imposition of a license requirement to these affiliated entities, there is reasonable cause to believe that Huawei would seek to use them to evade the restrictions imposed by its addition to the Entity List.

These additional forty-six non-U.S. affiliates of Huawei raise sufficient concern that prior review of exports, reexports, or transfers (in-country) of items subject to the EAR involving these entities, and the possible imposition of

license conditions or license denials on shipments to these entities will enhance BIS's ability to prevent activities contrary to the national security or foreign policy interests of the United States.

As with the Huawei entities added to the Entity List effective May 16, 2019, BIS imposes for each of the entities added in this final rule a license requirement for all items subject to the EAR, unless the transaction is authorized by the *Savings Clause* in this final rule, and a license review policy of a presumption of denial. Similarly, no license exceptions are available for exports, reexports, or transfers (in-country) to the persons being added to the Entity List in this rule, except as allowed in the *Savings Clause* in this final rule.

The acronym "a.k.a." (also known as) is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters, and transferors in identifying entities on the Entity List.

This final rule adds the following twenty-seven entities in new entries to the Entity List:

Argentina

- Huawei Tech Investment Co., Ltd. Argentina.

Australia

- Huawei Technologies (Australia) Pty Ltd.

Bahrain

- Huawei Technologies Bahrain.

Belarus

- Bel Huawei Technologies LLC, including one alias (BellHuawei Technologies LLC).

- Huawei Technologies (UK) Co., Ltd., including one alias (Huawei Software Technologies Co., Ltd.).

Modification to the Entity List

This final rule implements the decision of the ERC to modify six existing entries that were first added to the Entity List in the rule published on May 21, 2019, effective May 16, 2019. The modifications are being made to assist exporters, reexporters, and transferors to more easily identify Huawei entities that are subject to Entity List license requirements.

This final rule modifies the existing entry for Huawei Technologies Co., Ltd. (Huawei), by adding one alias,

Shenzhen Huawei Technologies, and nineteen new entities (identified below) to that entry, and by moving under that entry three non-U.S. affiliates of Huawei that were added as separate entities under China in the rule published on May 21, 2019: Huawei Digital Technologies (Suzhou) Co., Ltd.; Shanghai Huawei Technologies Co., Ltd.; and Zhejiang Huawei Communications Technology Co., Ltd. This final rule modifies the existing entries for these three entities by removing them as separate entries, and adding them as affiliates under the Huawei entry. This final rule also updates the addresses of these three entities as part of their consolidation under the Huawei entry. The nineteen additional affiliates being included under the Huawei entry are as follows:

- Beijing Huawei Longshine Information Technology Co., Ltd.;
- Hangzhou New Longshine Information Technology Co., Ltd.;
- Hangzhou Huawei Communication Technology Co., Ltd.;
- Hangzhou Huawei Enterprises;
- Huawei Marine Networks Co., Ltd.;
- Huawei Mobile Technology Ltd.;
- Huawei Tech. Investment Co.;
- Huawei Technology Co., Ltd. Chengdu Research Institute;
- Huawei Technology Co., Ltd. Hangzhou Research Institute;
- Huawei Technologies Co., Ltd. Beijing Research Institute;
- Huawei Technologies Co., Ltd. Material Characterization Lab;
- Huawei Technologies Co., Ltd. Xi'an Research Institute;
- Huawei Terminal (Shenzhen) Co., Ltd.;
- Nanchang Huawei Communication Technology;
- Ningbo Huawei Computer & Net Co., Ltd.;
- Shenzhen Huawei Anjiexin Electricity Co., Ltd.;
- Shenzhen Huawei New Technology Co., Ltd.;
- Shenzhen Huawei Technology Service; *and*
- Shenzhen Huawei Technologies Software.

This final rule also implements the decision of the ERC to modify the existing entries for Huawei Technologies Research & Development Belgium NV and Huawei do Brasil Telecomunicacoes Ltda, which were added to the Entity List under the destinations of Belgium and Brazil, respectively, in the rule published on May 21, 2019. BIS is modifying these existing entries by updating addresses for the two entities.

Savings Clause

Shipments of items removed from eligibility for a License Exception or for export or reexport without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export or reexport, on August 19, 2019, pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR).

This savings clause does not apply to exports or reexports to Huawei Digital Technologies (Suzhou) Co., Ltd.; Huawei do Brasil Telecomunicacoes Ltda; Huawei Technologies Research & Development Belgium NV; Shanghai Huawei Technologies Co., Ltd.; or Zhejiang Huawei Communications Technology Co., Ltd., which were added to the Entity List in the rule published on May 21, 2019. Please see that rule for the savings clause applicable to these five entities.

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA). ECRA, as amended (50 U.S.C. 4801–4852), provides the legal basis for BIS’s principal authorities and serves as the authority under which BIS issues this rule. As set forth in sec. 1768 of ECRA, all delegations, rules, regulations, orders, determinations, licenses, or other forms of administrative action that have been made, issued, conducted, or allowed to become effective under the Export Administration Act of 1979 (50 U.S.C. 4601 *et seq.*) (as in effect prior to August 13, 2018 and as continued in effect pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*) and Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as amended by Executive Order 13637 of March 8, 2013, 78 FR 16129 (March 13, 2013), and as extended by the Notice of August 8, 2018, 83 FR 39871 (August 13, 2018)), or the Export Administration Regulations, and were in effect as of August 13, 2018, shall continue in effect according to their terms until modified, superseded, set aside, or revoked under the authority of ECRA.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory

alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866. This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves a collection currently approved by OMB under control number 0694–0088, Simplified Network Application Processing System. This collection includes, among other things, license applications, and carries a burden estimate of 42.5 minutes for a manual or electronic submission for a total burden estimate of 31,878 hours. BIS expects the burden hours associated with this collection to increase by 283 (42.5 × 400) hours for an estimated cost increase of \$8,490 (\$30 × 400 hours). You may send comments regarding the collection of information associated with this rule, including suggestions for reducing the burden, to Jasmeet K. Seehra, Office of Management and Budget (OMB), by email to Jasmeet.K.Seehra@omb.eop.gov, or by fax to (202) 395–7285.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to Section 1762 of the Export Control Reform Act of 2018 (50 U.S.C. 4801–4852), which was included in the John S. McCain National Defense Authorization Act for Fiscal Year 2019, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical

requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required, and none has been prepared.

Coast Guard

33 CFR Part 117

[Docket No. USCG–2019–0714]

Drawbridge Operation Regulation; New River, Fort Lauderdale, FL

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from drawbridge regulations; request for comments.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Florida East Coast Railway (FEC) Railroad Bridge across the New River, mile 2.5, at Fort Lauderdale, Florida. This deviation is

necessary to test a change to the drawbridge operation schedule to determine whether a permanent change to the schedule is needed. Under this deviation, the bridge shall not be closed more than 60 combined minutes in each consecutive 120-minute block of time, and at no time will this bridge be closed to navigation for more than 60 consecutive minutes of time. This deviation supports ongoing negotiations between the railroad and maritime stakeholders as the parties discuss a Final Rule that reasonably meets their interests.

DATES: This deviation is effective from 12:01 a.m. on August 20, 2019, to 11:59 p.m. on October 18, 2019.

Comments must reach the Coast Guard on or before September 19, 2019.

ADDRESSES: You may submit comments identified by docket number USCG–2019–0714 using Federal eRulemaking Portal at <http://www.regulations.gov>.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this test

deviation, call or email LT Samuel Rodriguez-Gonzalez, U.S. Coast Guard, Sector Miami Waterways Management Division; telephone 305–535–4307, email Samuel.Rodriguez-Gonzalez@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Background, Purpose and Legal Basis

The Florida East Coast Railway (FEC) Railroad Bridge across the New River, mile 2.5, at Fort Lauderdale, Florida is a single-leaf bascule railroad bridge with a 4 foot vertical clearance at mean high water in the closed position. The normal operating schedule for the bridge is found in 33 CFR 117.313(c). There has been an increase in rail traffic over the bridge in recent years due the start of passenger rail service. This test deviation provides a block schedule for the bridge to operate allowing for a more consistent operating schedule.

The draw shall operate as follows:

- (1) The bridge shall be constantly tended.
- (2) The bridge tender will utilize a VHF–FM radio to communicate on channels 9 and 16 and may be contacted by telephone at 305–889–5572.
- (3) Signs will be posted displaying VHF radio contact information and
